After some discussion Holly volunteered to call GSO and send a message through the make a suggestion for the app function, asking that a disclaimer be put in that AA is not affiliated with any of these places other than renting a meeting space.

Treasurer's report was read and accepted

Holly discussed the Intergroup Banquet Kim and Andrea are in charge this year discussed the new location being more centrally located and a nicer space than last year. Will be held on April 20th. Only spent 10.75 for the gazebo.

Paul discussed everyone reading the bylaws over the next month and then we will discuss if there needs to be any changes at the next meeting.

David W brought up concerns about there not being a hyperlink for the zoom info on the calendar to make it easier to attend the steering committee meetings. He said he would get with Ashley on this matter.

There's a leak in the roof of the office and the landlord is informed of it.

Still no new hires at the office looking for someone part time to eventually become full time and take over for Ashley who's leaving at the end of the year.
